

SmartHealth Plan

Directory of Hospitals

This Directory will help you select the hospital that is right for you.

What the directory shows

The directory is designed to give members guidance on which hospitals should be considered when needing treatment. It lists the independent medical & surgical hospitals and specialist psychiatric units (*in italics*) across the UK. We have also included some NHS Hospitals where we know they offer dedicated areas for private patient care.

The majority of hospitals quoted offer single en-suite facilities as standard for inpatient care for CIGNA's SmartHealth members. Daycare and outpatient units may not offer single en-suite facilities when patients are nursed in these areas. Some London hospitals may not guarantee single en-suite facilities (e.g. The Wellington Hospital). Use of a non listed hospital may result in part refund of treatment charges by CIGNA.

Choosing a hospital

When you choose a hospital, or when your specialist recommends a hospital to you, check that the hospital is listed in this directory. If the hospital has more

than one type of room, you must ensure that you are placed in the correct room according to your policy. If you opt for an upgraded room you may have to pay towards the costs of accommodation.

If you are treated in a non-listed hospital the maximum per night benefit payable for Nursing and Accommodation is £224.

This is not a definitive list of all hospitals or private clinics. We review the information in this booklet quarterly to keep it as up to date as possible (date of last review - 01/05/2005). Hospitals may be added and others removed. Therefore, before proceeding with any treatment please ensure that you check with CIGNA that the information supplied in this directory is still current.

Going for surgical treatment

Always check your cover for Surgeon and Anaesthetist's fees before embarking on treatment. Fees for Surgeon and Anaesthetists for each procedure (including inpatient aftercare) are covered to the maximum benefit in the current CIGNA Fee Schedule. Our dedicated Provider Services Helpline is available for

you and your specialist to check professional fees on 0800 289242. Should you receive a written quotation regarding Surgeon or Anaesthetic fees or if your surgery is within five working days from the point of authorisation please call the Provider Services Helpline on 0800 289242, alternatively fax on 01475 492116 or email: provider.affairs@cigna.com

Payment of Bills

CIGNA will settle bills directly with hospitals for inpatient and day care treatment. The majority of hospitals will offer direct settlement of accounts for outpatient treatment on production of a CIGNA authorised letter or a valid claim form, signed by your GP or specialist.

However, some hospitals will require settlement of outpatient bills from you when you attend for treatment.
